

Baseball batch 2 — pull list (A-Z, all POSTED)

98 cards · Scans 476-486 · all LIVE on eBay 2026-07-23 · 25 individuals + 73 lot cards, sorted A-Z by last name for pulling

Total: \$126 – \$342 (typical ~\$227)

Every posted card from this batch, alphabetical by last name to match a physical A-Z pull -- not yet pulled, so individuals and lot cards are mixed together rather than split into separate sections. The 'Which listing' column tells you where each card needs to end up once pulled: either its own individual listing, or which team lot it's part of. Colton Gordon, Jake Mangum, and Chandler Simpson each showed up twice within the same scan photo (not two different scans) and were confirmed as 2 real physical copies before posting. Mike Yastrzemski's card prints a Royals uniform (he's a longtime Giant) — a Topps photo-variation quirk, not a misprint.
